CONSOLIDATION OF FOLIOS AND AVOIDANCE OF MULTIPLE MAILING:

In order to enable the Company to reduce costs and duplicity of efforts for providing services to investors, members who have more than one folio in the same order of names, are requested to consolidate their holdings under one folio. Members may write to the Registrars & Transfer Agents indicating the folio numbers to be consolidated along with the original shares certificates to be consolidated.

RECONCILIATION OF SHARE CAPITAL AUDIT REPORT:

As stipulated by SEBI, a qualified Practicing Company Secretary carries out Secretarial Audit to reconcile the total admitted capital with National Securities Depository Limited (NSDL) and Central Depository Services (India) Limited

(CDSL) and the total issued and listed capital. This audit is carried out every quarter and the report thereon is submitted to the Stock Exchanges where the Company's shares are listed. The audit confirms that the total Listed and Paid-up Capital is in agreement with the aggregate of the total number of shares in dematerialised form (held with NSDL and CDSL) and total number of shares in physical form.

COMPLIANCE WITH SECRETARIAL STANDARDS:

The Institute of Company Secretaries of India, a Statutory Body, has issued Secretarial Standards on various aspects of corporate law and practices. The Company has complied with each one of them.

MEANS OF COMMUNICATION TO SHAREHOLDERS:

The Un-audited quarterly/ half yearly results are announced within forty-five days of the close of the quarter. The audited annual results are announced within sixty days from the closure of the financial year as per the requirement of the Listing Regulations.

The approved financial results are forthwith sent to the Stock Exchanges and are published in English newspaper and Regional language (Gujarati) newspaper, within forty-eight hours of approval thereof. Presently the same are not sent to the shareholders separately.

The Company's financial results and official press releases are displayed on the Company's Website- www.mahan.co.in

Management Discussion and Analysis report forms part of the Annual Report, which is sent to the shareholders of the Company.

The quarterly results, shareholding pattern, quarterly compliances and all other corporate communication to the Stock Exchanges viz. Bombay Stock Exchange (BSE) are filed electronically. The Company has complied with filing submissions through BSE's BSE Listing Centre.

SEBI processes investor complaints in a centralized web based complaints redressal system i.e. SCORES. Through this system a shareholder can lodge complaint against a company for his grievance. The Company uploads the action taken on the complaint which can be viewed by the shareholder. The Company and shareholder can seek and provide clarifications online through SEBI.

SHARE TRANSFER SYSTEM:

The transfer of shares in physical form is processed and completed by Registrar & Transfer Agent within a period of seven days from the date of receipt thereof

MAHAN INDUSTRIES LIMITED

provided all the documents are in order. In case of shares in electronic form, the transfers are processed by NSDL/CDSL through respective Depository Participants. In compliance with the Listing Regulations, a Practicing Company Secretary carries out audit of the System of Transfer and a certificate to that effect is issued.

However, as per SEBI Notification No. SEBI/LAD-NRO/GN/2018/24 dated June 8, 2018 and further amendment vide Notification No. SEBI/LAD-NRO/GN/2018/49 dated November 30, 2018, requests for effecting transfer of securities (except in case of transmission or transposition of securities) shall not be processed from 1st April, 2019 unless the securities are held in the dematerialised form with the depositories. Therefore, Shareholders are requested to take action to dematerialize the Equity Shares of the Company, promptly.

Nomination:

Individual shareholders holding shares singly or jointly in physical form can nominate a person in whose name the shares shall be transferable in case of death of the registered shareholder(s). Nomination facility in respect of shares held in electronic form is also available with the Depository Participants as per the bye-laws and business rules applicable to NSDL and CDSL. Nomination forms can be obtained from the Company's Registrar and Share Transfer Agent.

OTHER INFORMATION

Management's Responsibility for the Standalone Ind AS Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134 (5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these standalone Ind AS financial statements that give a true and fair view of the state of affairs, Loss (including other comprehensive income), changes in equity and cashflows of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) prescribed under section 133 of the Act.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safe guarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone Ind AS financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Auditor's Responsibility

Our responsibility is to express an opinion on these standalone Ind AS financial statements based on our audit.

We have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made thereunder.

We conducted our audit of the standalone Ind AS financial statements in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the standalone Ind AS financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the standalone Ind AS financial statements. The procedures selected depend on the auditor's judgment, including the assessment of

the risks of material misstatement of the standalone Ind AS financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Company's preparation of the standalone Ind AS financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Company's Directors, as well as evaluating the overall presentation of the standalone Ind AS financial statements.

We are also responsible to conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the entity's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in the auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify the opinion. Our conclusions are based on the audit evidence obtained up to the date of the auditor's report. However, future events or conditions may cause an entity to cease to continue as a going concern.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the standalone Ind AS financial statements.

Annexure B to the Auditor's Report

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of **MAHAN INDUSTRIES LIMITED** ("the Company") as of March 31, 2019 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's Management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing as specified under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing

and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2019, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Note 22

Notes to financial statements for the year ended 31 March, 2019.

1) Corporate Information

The standalone financial statements comprise of financial statements of Mahan Industries Limited (the "Company") for the year ended March 31, 2019. The Company is a public company domiciled in India and is incorporated under the provisions of the Companies Act applicable in India. The Company's shares are listed on BSE, a recognized stock exchange, in India. The registered office of the company is located at D K House, 3rd Floor, Nr Mitha-Khali under Bridge, Navrangpura Ahmedabad, Gujarat. The company is engaged in the business of Investment in Quoted and Unquoted Shares and trading in shares.

The standalone financial statements were authorised for issue in accordance with a resolution of the board of directors on May 29, 2019.

2) Basis of preparation and presentation

These financial statements have been prepared in accordance with Indian Accounting Standards (Ind AS) notified under the Companies (Indian Accounting Standards) Rules, 2015 (as amended) and presentation requirements of Division II of Schedule III to the Companies Act, 2013 ("the Act"), (Ind AS compliant Schedule III), as applicable to the Company.

The standalone financial statements have been prepared on a historical cost basis, on the accrual basis of accounting except for certain financial assets and liabilities measured at fair value (refer accounting policy regarding financial instruments).

The standalone financial statements are presented in Indian Rupees and all values are rounded to the nearest Rupees, except where otherwise indicated. Any discrepancies in any table between totals and sums of the amounts listed are due to rounding off.

3) Significant accounting policies and key accounting estimates

a) Significant accounting policies

i) Current / non-current classification

The Company presents assets and liabilities in the balance sheet based on current and non-current classification. An asset is treated as current when it is:

- a) expected to be realised or intended to be sold or consumed in normal operating cycle;
- b) held primarily for the purpose of trading;
- c) expected to be realised within twelve months after the reporting period; or
- d) cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

All other assets are classified as non-current.

A liability is treated as current when it is:

- a) expected to be settled in normal operating cycle;
- b) held primarily for the purpose of trading;
- c) due to be settled within twelve months after the reporting period; or
- d) there is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

All other liabilities are classified as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

The operating cycle is the time between the acquisition of assets/materials for processing or realising and their realisation in cash and cash equivalents. As the Company's normal operating cycle is not clearly identifiable, it is assumed to be twelve months.

ii) Foreign currencies

The Company's standalone financial statements are prepared in Indian Rupee which is the also the Company's functional currency

Transactions and balances

Transactions denominated in foreign currencies are recorded at the exchange rate prevailing at the time of the transaction, i.e. spot rate.

Monetary assets and liabilities denominated in foreign currencies are translated using the exchange rate at the reporting date. Exchange differences arising on settlement or translation of monetary items are recognised in the statement of profit and loss. Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates at the dates of the initial transactions.

iii) Fair value measurement

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- a) In the principal market for the asset or liability, or
- b) In the absence of a principal market, in the most advantageous market for the asset or liability.

The principal or the most advantageous market must be accessible by the Company.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- a) Level 1 — Quoted (unadjusted) market prices in active markets for identical assets or liabilities;
- b) Level 2 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable; And
- c) Level 3 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

For assets and liabilities that are recognised in the financial statements on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorization (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

External valuers are involved, wherever required, for valuation of significant assets, such as properties, unquoted financial assets and significant liabilities. Involvement of external valuers is decided upon by the Company after

discussion with and approval by the Company's management. Selection criteria include market knowledge, reputation, independence and whether professional standards are maintained. The Company, after discussions with its external valuers, determines which valuation techniques and inputs to use for each case.

At each reporting date, the Company analyses the movements in the values of assets and liabilities which are required to be remeasured or re-assessed as per the Company's accounting policies. For this analysis, the Company verifies the major inputs applied in the latest valuation by agreeing the information in the valuation computation to contracts and other relevant documents. The Company also compares the change in the fair value of each asset and liability with relevant external sources to determine whether the change is reasonable.

For the purpose of fair value disclosures, the Company has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above.

This note summarises accounting policy for fair value measurement. Other fair value related disclosures are given in the relevant notes

iv) Property, plant and equipment

Property, plant and equipment are carried at cost less accumulated depreciation and impairment losses, if any. The cost of Property, plant and equipment comprises its purchase price net of any trade discounts and rebates, any import duties and other taxes (other than those subsequently recoverable from the tax authorities).

Pre-operative expenditure comprising of revenue expenses incurred in connection with project implementation during the period up to commencement of commercial production are treated as part of the project costs and are capitalized. Such expenses are capitalized only if the project to which they relate, involve substantial expansion of capacity or up gradation.

An item of property, plant and equipment is derecognized upon disposal or when no future economic benefits are expected to arise from its use. Difference between the sales proceeds and the carrying amount of the asset is recognized in statement of profit and loss.

Freehold land is carried at historical cost and not depreciated

Depreciation on all fixed assets is provided on Straight Line Method as per the useful life prescribed in Schedule II to the Companies Act, 2013. Depreciation on Property, plant and equipment purchased/acquired during the year is provided on pro-rata basis according to the period each asset was put to use

during the year. Similarly, depreciation on assets sold/discarded/demolished during the year is provided on pro-rata basis.

The Company assesses at each reporting date using external and internal sources, whether there is an indication that an asset may be impaired. An impairment occurs where the carrying value exceeds the present value of future cash flows expected to arise from the continuing use of the asset and its eventual disposal. The impairment loss to be expensed is determined as the excess of the carrying amount over the higher of the asset's net sales price or present value as determined above

v) Borrowing costs

Borrowing costs directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalised as part of the cost of the asset. All other borrowing costs are expensed in the period in which they occur. Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds.

vi) Inventories

Inventories are valued at lower of cost and net realisable value.

Net Realizable value is the estimated selling price in the ordinary course of business, less estimated cost of completion and estimated costs necessary to make sale.

vii) Impairment of non-financial assets

The Company assesses, at each reporting date, whether there is any indication that an asset may be impaired. If any indication exists, or when annual impairment testing for an asset is required, the Company estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's or cash-generating unit's (CGU) fair value less costs of disposal or its value in use. Recoverable amount is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or groups of assets. When the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount.

In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining fair value less costs of disposal, recent market transactions are taken into account. If no such transactions can be identified, an appropriate valuation model is used. These calculations are corroborated by valuation multiples, quoted share prices for publicly traded companies or other available fair value indicators. The Company bases its impairment calculation on detailed budgets and forecast calculations.

Impairment losses are recognised in the statement of profit and loss.

An assessment is made at each reporting date to determine whether there is an indication that previously recognised impairment losses on assets no longer exist or have decreased. If such indication exists, the Company estimates the asset's or CGU's recoverable amount. A previously recognized impairment loss is reversed only if there has been a change in the assumptions used to determine the asset's recoverable amount since the last impairment loss was recognised. The reversal is limited so that the carrying amount of the asset does not exceed its recoverable amount, nor exceed the carrying amount that would have been determined, net of depreciation, had no impairment loss been recognised for the asset in prior years. Such reversal is recognised in the statement of profit and loss.

viii) Financial Instruments

A financial Instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity. Financial assets and financial liabilities are recognized when the company becomes party to the contractual provisions of the instruments. Financial assets and financial liabilities are initially measured at fair value.

Transaction costs that are directly attributable to the acquisition or issue of financial assets or liabilities measured at fair value through profit and loss are immediately recognized in profit and loss.

All financial assets and liabilities are subsequently measured depending on classification either at,

1. Amortised Cost
2. Fair Value through Other Comprehensive income (FVTOCI)
3. Fair value through profit and loss (FVTPL)

Investments:

Investments that are readily realizable and intended to be held for not more than 12 months are classified as current investments. **The carrying value of unquoted Equity Instrument is considered as fair value due to non-availability of relevant Information. They are classified as level 3**

Provision for diminution in the value of non current investments is made only if such decline is other than temporary. Cost of overseas noncurrent investments comprises the Indian rupee value of the consideration paid for the investment translated at the exchange rate prevalent at the date of investment.

Since there was permanent diminution in the value of some of the non-current investments, the same was written off to Profit & Loss account to the extent of permanent diminution. The same practice was also adopted in earlier periods' figures and earlier period figures restated accordingly in current year.

ix) Cash and Cash Equivalents:

Cash and cash equivalent in the balance sheet comprise cash at bank, cash in hand and short term deposits (with the maturity of three months or less), which are subject to an insignificant risk of changes in value.

x) Revenue Recognition

Revenue is recognized to the extent that it is probable that the economic benefits will flow to the company and the revenue can be reliably measured.

Revenue from sales is recognized on the basis of delivery of shares & securities.

Dividend income is accounted on receipt basis.

Interest income is recognized on a time proportion basis taking into account the amount outstanding and the applicable interest rate. Interest Income is included under the head "Other Income" in the statement of profit & loss.

xi) Taxes on Income

Tax on Income comprises current and deferred tax. It is recognised in statement of profit and loss except to the extent that it relates to a business combination, or items recognised directly in equity or in other comprehensive income.

Current tax

Tax on income for the current period is determined on the basis on estimated taxable income and tax credits computed in accordance with the provisions of the relevant tax laws and based on the expected outcome of assessments / appeals. Current income tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

Deferred tax

Deferred tax is recognized for the future tax consequences of deductible temporary differences between the carrying values of assets and liabilities and their respective tax bases at the reporting date, using the tax rates and laws that are enacted or substantively enacted as on reporting date. Deferred tax liability are generally recorded for all temporary timing differences. Deferred tax assets are recognized to the extent that it is probable that future taxable income will be available against which the deductible temporary differences can be utilised. Deferred tax relating to items recognized outside the statement of profit and loss is recognized outside the statement of profit and loss, either in other comprehensive income or directly in equity. The carrying amount of deferred tax assets is reviewed at each reporting date.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

The Company recognizes tax credits in the nature of MAT credit as an asset only to the extent that there is convincing evidence that the Company will pay normal income tax during the specified period, i.e., the period for which tax credit is allowed to be carried forward. In the year in which the Company recognizes tax credits as an asset, the said asset is created by way of tax credit to the Statement of profit and loss. The Company reviews such tax credit asset at each reporting date and writes down the asset to the extent the Company does not have convincing evidence that it will pay normal tax during the specified period. Deferred tax includes MAT tax credit.

xii) Provisions and Contingent liabilities

A provision is recognized when the Company has a present obligation as a result of past event. It is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. Provisions are not discounted to their present value and are determined based on the best estimate required to settle the obligation at the reporting date. These estimates are reviewed at each reporting date and adjusted to reflect the current best estimate.

Contingent liability arises when the Company has:

a) a possible obligation that arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the entity; or

MAHAN INDUSTRIES LIMITED

b) a present obligation that arises from past events but is not recognised because:

- (i) it is not probable that an outflow of resources embodying economic benefits will be required to settle the obligation; or
- (ii) the amount of the obligation cannot be measured with sufficient reliability.

xiii) EARNING PER SHARE:

Basic earning per share is computed by dividing the net profit after tax by the weighted average number of equity shares outstanding during the period.

Sr. No	Particulars	Year ended 31-03-2019	Year ended 31-03-2018

b) Key accounting estimates

i) Fair value measurement of financial instruments

When the fair values of financial assets and financial liabilities recorded in the balance sheet cannot be measured based on quoted prices in active markets, their fair value are measured using valuation techniques. The inputs to these models are taken from observable markets where possible, but where this is not feasible, a degree of judgement is required in establishing fair values. Judgements include considerations of inputs such as liquidity risk, credit risk

and volatility. Changes in assumptions relating to these factors could affect the reported fair value of financial instruments

i) Taxes

Deferred tax assets are recognised for unused tax credits to the extent that it is probable that taxable profit will be available against which the losses can be utilised. Significant management judgement is required to determine the amount of deferred tax assets that can be recognised, based upon the likely timing and the level of future taxable profits together with future tax planning strategies.
